

ABBOTTS CREEK

If you enjoy fishing, swimming, or boating in Davidson County, this affects you!

The Piedmont Triad Council of Governments (PTCOG) is in the process of completing the Lower Abbotts Creek Watershed Restoration Plan. This plan identifies sources of water pollution and ways we can improve water quality in Abbotts Creek and High Rock Lake. To learn more about this plan, and what you can do to ensure safer water for future generations, please join us for a public meeting on:

- **Wednesday, June 22nd – 6:00 p.m. @ Southmont Fire Department in Southmont**
- **Thursday, June 23rd – 6:00 p.m. @ Faith Missionary Alliance in Midway**
- **Friday, June 24th – 6:00 p.m. @ High Rock Outfitters in Lexington**
